

Selling Points - AMCO Powder Coat Finish

Invest in equipment that will last

AMCO equipment parts pass through the curing oven after being powder coated. They then cool off, ready for assembly.

Benefits of powder-coating:

- More than twice as durable as a wet-paint finish and better coverage
- More scratch resistant
- Resistant to fading
- Lowers waste, because unused or oversprayed powder that doesn't adhere to the equipment can be retrieved and reused
- Once the equipment leaves the oven and cools, it is completely cured

AMCO Exclusive Product Performance Guarantee – Repair, Replace, or Refund: AMCO Guarantees Performance – The best tillage tools deserve the best guarantee. The AMCO guarantee is simple. If, during the first 30 days, your AMCO equipment doesn't perform as promised, and if we don't make it perform in a reasonable amount of time, we'll repair it, replace it, or buy it back.
