

# AMCO

# Border Plow

The Border Plow (BP) is the perfect water management solution to build borders and levees around fields. Angled-down gangs on 2' spacing create the perfect barrier to keep water in or out and manage erosion.

## Features:

- 1½" square, high-carbon, cold-rolled steel axles.
- Protect-O-Shield® Bearings: greaseable, 1½" square-bore, ball-type, toggle-mounted with zerk and wear guards.
- Transport width: 7'.
- 3-point hitch fits category I, II, and III hitches. (quick-hitch compatible)
- Straight standard cast gang risers.
- Main frame tubing: 4" x 7" x 3/8" x 80" rectangular.
- 26" x 5/16" Cutout blade on inside with 24" x 1/4" & 22" x 1/4" diminishing blades.
- Heavy duty high clearance fabricated shanks.
- Main frame tubing: 4" x 7" x 3/8" x 81" rectangular.
- Adjustable gangs - three position angle adjustment.

## The Best Tillage Tools Deserve the Best Guarantee

If, during the first 30 days, your AMCO equipment doesn't perform as promised, and if we don't make it perform in a reasonable amount of time, we'll repair it, replace it, or buy it back
