

AMCO

Water Furrow Plow

If you're looking for the performance of the AMCO Ditcher in an economical option for less frequent use, the Water Furrow Plow (FWFPA) is your solution. Designed with blades instead of cutter heads, the Water Furrow Plow will flip dirt aside so water can drain away from your crops.

Features:

- 1½" square axles
- Two fabricated long gang frame shanks
- Greaseable 1½" square bearings
- A frame hitch accepts category II and III hitches (quick-hitch compatible)
- Standard blades: 22" x ¼" smooth/plain
- Optional blades: 24" x ¼" smooth/plain
- Adjustable gangs - three position angle adjustment

The Best Tillage Tools Deserve the Best Guarantee

If, during the first 30 days, your AMCO equipment doesn't perform as promised, and if we don't make it perform in a reasonable amount of time, we'll repair it, replace it, or buy it back
