protection.

OFFSET AND VERTICAL ROTARY DITCHERS

From coupler to cutter head, AMCO makes a better Ditcher.

Clean roadside ditches or direct water away from crops with the AMCO Rotary Ditcher, an industry best-seller. We offer both Offset and Vertical models, and both Ditcher body styles can be ordered with either of our cutter head sizes. Options are available for tractors with PTO ratings of 540 and 1,000.

FEATURES

- › For a clean, uniform ditch, AMCO Ditchers feature a 5-bladed cutter head driven by an endless dual #80 roller chain
- › The chain drive is equipped with an adjustable idler sprocket
- › The concave skid shoe is mounted on the rear of the Ditcher to prevent the buildup of mud and debris. It is easily adjusted with a ratchet

Offset (OS) vs. Vertical (V) - The Vertical Ditcher cuts in the center behind the tractor. The Offset Ditcher is used to cut behind the left tractor tire.

PRODUCT PERFORMANCE GUARANTEE—Repair, Replace, or Refund: AMCO Guarantees Performance. The best tillage tools deserve the best guarantee. The AMCO guarantee is simple. If, during the first 30 days, your AMCO equipment doesn't perform as promised, and if we don't make it perform in a reasonable amount of time, we'll repair it, replace it, or buy it back.

Right: Cutter head features five blades for a cleaner, more uniform ditch. Blades are reversible and replaceable for longer life.

Left: Concave skid shoe with quick-adjust ratchet gives better tracking for a more uniform ditch. Standard on all models.

Above: PTO drive shaft parking hook secures PTO for storage.

Above: Buster shank loosens tough soils to prolong bearing life.

Above: The powder-coated finish is more durable and environmentally friendly.

Build Your AMCO Rotary Ditcher

CHOOSE YOUR BODY STYLE: VERTICAL OR OFFSET

Model	Vertical Ditcher (Body Only)	Approx. Weight lbs.*
AD-540V	Vertical Rotary Ditcher for 540 PTO	569
AD-1000V	Vertical Rotary Ditcher for 1,000 PTO	569
Offset Ditcher (Body Only)		
AD-5400S	Left Offset Rotary Ditcher for 540 PTO	734
AD-10000S	Left Offset Rotary Ditcher for 1,000 PTO	734

CHOOSE YOUR CUTTER HEAD SIZE

AD-CHA18	18" to 20" 5-blade (reversible for longer life)	72
AD-CHA26	24" to 26" 5-blade (reversible for longer life)	109

ADD YOUR PTO DRIVELINE

AD-DL6S	1 3/8", 6-spline (for 540 PTO)	56
AD-DL21S	1 3/8", 21-spline (for 1,000 PTO)	56
AD-DL20S	1 3/4", 20-spline (for 1,000 PTO)	58

**To calculate weight/blade, divide the approximate weight of the model by the number of disc blades. Specifications for all models subject to change without notice.*
